

## **GRIFFIN CONCIERGE MEDICAL**

Board Certified Physician

Griffin Concierge Medical is a membership-based, primary-care practice located in South Tampa, FL. We are committed to providing high-quality, sensible medical care and exceptional customer service. We value building lifelong relationships with our patients while providing individualized primary care.

We are seeking a board-certified physician to join our growing practice in South Tampa. In this role you will see patients in a family-medicine setting, conducting annual-well, sick, and follow-up visits and performing small-office procedures.

Our ideal Physician is:

- Collaborative and enjoys being around people
- Charismatic, compassionate and attentive
- Adaptable, hardworking, responsive and able to prioritize
- Open, willing to learn and also enjoys teaching others
- Confident, interactive, friendly and engaging
- Able to provide a sense of ease and willing to have meaningful, productive conversations

### **RESPONSIBILITIES**

The job responsibilities of this Physician include, but are not limited to:

- See patients in a family-medicine clinic with full-time office hours, Monday - Friday
- Visit hospitals and homes as needed to see patients and coordinate care
- Conduct face-to-face consultations with potential new patients
- Work closely and collaboratively with other team members to provide all-inclusive care
- Acquire new patients and retain existing patients
- Manage time effectively, including your daily schedule, adjusting as needed, and responding to patient emails, text messages, and phone calls promptly
- Rotate through week-long provider call schedule with other physicians in the practice
- Participate in operational meetings and discussions, providing input, feedback, and insights for potential improvement, and always embracing an entrepreneurial environment

- Build your practice to 300 patients over 3 years, acquiring approximately 10 new patients per month
- Meet weekly scorecard objectives, including patient touchpoints, new patient acquisitions, and chart documentation
- Initiate conversations around the potential use of health products to support a whole health approach to wellness

## QUALIFICATIONS

### Required

- Board Certified in Family Medicine or Internal Medicine / Pediatrics Combined
- Licensed to practice as an MD
- Experience with well-woman care (medical training acceptable)
- Interest in bioidentical hormone replacement therapy

### Preferred

- 5+ years' experience in family or internal medicine/pediatrics
- Experience working in a private practice setting
- Experience performing small-office procedures

*This Physician will be required to work out of the Tampa, FL, practice.*

## WHY GRIFFIN CONCIERGE MEDICAL?

We contract with patients directly for care—not insurance companies. Our physicians are free to care for patients in a mutually beneficial and efficient manner.

GCM is unique because of our culture and core values:

- **Relationships not Transactions**
- **Strive for the Win-Win**
- **Follow Through**
- **Never Stop Improving**
- Input, suggestions, and opinions are welcomed and encouraged from all team members
- Freedom to manage your time and provide complete care
- Every provider has a dedicated care team
- Established, cohesive, respectful, and flexible team
- Life-long relationships with patients and their families
- Our membership model encourages provider & patient satisfaction

**Benefits:** Health insurance, PTO, paid holidays, 401(k) plan
